Enclosure No. 1

Soliciting transfer
to the Board the local
Cess on Abkari Revenue
within the limits of
the Bangalore City

The Municipality laid claim to the local cess on Abkari Revenues in 1894, but Govt: in Sanction No declined to alter the Chief-Commr's Order of 1879 which stated that no such claim could be recognized and that the local cess should be credited to local Funds General for general purposes, such as education & the cost of which was not borne by the Municipality. The proposal is now laid once more before Govt: for reconsideration. The claim is based upon the ground that there has been an enormous increase of expenditure on all heads and further that the cost of maintaining all middle & primary schools within Municipal limits is borne by the Municipality. Finally the C & M Station Municipality it is said, enjoys the local cess on Abkari Revenue, Rs 26,000 being entered in the Municipal budget for 1897-98 as the revenue from local cess on Abkari & Land Revenue.

SIR,

In forwarding the Resolution of the Board dated 27th January 1898 on the question of the Local Cess on the Abkari Revenues within the limits of the Bangalore City being handed over to the Municipality, I beg to draw your attention to the Government Order No: 21917 dated 1st June 1895. The Government declined to recognize the claim of the Board on the ground that the Government had disallowed the claim in their order No: 3374/162 dated 27th Septem 1879. While passing the present Resolution the

Sl 3 in L-7183-94

the Board fully considered the previous order on the Subject and came to the conclusion that the proposal should again be laid before Government for reconsideration in the light of the following facts which were not placed before Government when the claim was made in 1895. It must be distinctly understood that even in the year 1879, the Board found that its finances were not Sufficient to meet the growing demands of a rising city like Bangalore. For the reasons stated in the order, viz., that the Cost of Education was not borne by the Board, the claim was rejected. The changes that have been brought about after 1879 are too many to be enumerated here. At the time when the order in 1879 was passed and till the year 1883 when order

Order No: 919/22-67 dated 26th May 1883 was issued, the Police charges amounting to Rupees 26,578 per annum were borne by the Board. In the year 1883 the Government order relieved the Board of the Police charge and gave the following items in lieu there of. (1) Medical charities amounting to Rs 5127/- (2) Other local charities amounting to Rupees 3564/- and (3) Educational Grant-in-aid amounting to Rupees 912/-, Total Rs 17,841/-. The same Government order took away Contributions from Provincial Revenues to the extent of Rs 8500/-. The new items given to the Board for maintenance and the Contributions taken away amounted to Very nearly the Police charges borne by the Board. Thus there was no Saving Shewn. By a reference to the Columns of expenditure

in the Budget Estimates of the Board for the year 1897-98. as Sanctioned in Government order No: 1923-28/L.7.276-96 dated 4th August 1897 you will find the expenditure under charitable grants to be Rs 20,353/- and under Education Rupees 11524/- irrespective of the increase of the enormous expenditure under other heads. Taking the totals of the items transferred in the year 1883, Viz, Rs 17811/- and the items of expenditure in the year 1897-98 under the heads of Charities and Education alone, Viz, Rs 31,877, you will find that the expenditure under the Same heads has increased by Rs 14066/-. Besides, the Board is put to an enormous expense owing to the extensions in the City in all directions. The length of the roads maintained by the Board in the year

? It is not clear from this figure has been to what ext. The Total Expenditure ... to and Education ... grants ... Rs 14,247

year 1879 used to be 55 miles, but now it has increased to 78 miles. Under these altered circumstances the Board considers that they have a just claim to the Local Cess now for the very reason stated in Government order of 1879, Viz., that the Board has been maintaining primary and middle schools within the Municipal limits, besides maintaining Several Charitable institutions. I may add that after the Government order was passed in 1879, the Rendition took place. In the Civil and Military Station the Local Cess to the extent of ~~Rs~~ Rs 26000/- is made over to the Board there, besides a Government grant of ~~Rs~~ Rs 16,425/- towards the maintenance of roads and sewers as found in the Budget Estimates of the Civil and Military Station Board for

This is the amount provided in the Cantonment Budget for 1897-98. The office has not been able to find the order sanctioning the transfer of the Abbey mus to Civil Station

for the year 1896-97. A Separate Communication will be addressed on the question of a grant for the maintenance of the roads in the City. In fairness to the City Board whose expenditure has in recent years as shown above increased enormously under the heads of Education and Charities, I earnestly appeal to Government to reconsider the order of 1895 and to allow the claims of the Board for the local cess on the Abkari Revenues within the limits of the Bangalore City.

" L. 7183-96

9.17-4-99 ~~It is observed that~~ the Abkari cess is an item of State revenue, which, the Municipality, Bangalore City which ~~the Govt~~ has hitherto enjoyed helped in every possible way by Govt, in every way, cannot keep ~~as~~ all for ~~its~~ claim to it. ~~Moreover the transfer of the cess in question would create an inconvenient precedent and lead to similar applications from other Mal Boards. Under these~~ circumstances, the Govt are not prepared to reconsider their order of 1895 ~~and to transfer the cess to the Municipality.~~
